

# SeaGL 2021 JOIN US!

Seattle GNU/Linux Conference  
returns for the ninth year!

We're an annual community-focused free/libre/open source software, hardware, and culture event in Seattle, and since last year, *virtually* all over the world! Join us for free, no registration required!

This year will feature dozens of presentations including our keynotes: **Marie Nordin, Christine & Morgan Lemmer-Webber, Elana Hashman, and Cory Doctorow!** Also many community connections, the **Career Expo**, and our shipped tea swap with virtual **TeaGL** party!

Interested in helping make SeaGL happen? Lend a wing to our *all volunteer effort*! Connected to a company who wants to sponsor? Contributions will have a *real and lasting impact* on the FLOSS community!

**November 5th & 6th, 2021**  
**Virtual Conference**
